Retraction Statement

Paper by Takai et al., entitled ‘CBHA is a family of hybrid polar compounds that inhibit histone deacetylase, and induces growth inhibition, cell cycle arrest and apoptosis in human endometrial and ovarian cancer cells’ [Oncology 2006;70:97–105, DOI: 10.1159/000092585]

We have identified errors affecting several figure panels in which original data were processed inappropriately by the corresponding author (N.T.) such that the figure panels do not accurately report the original data. The other authors were not involved in making these figures. We believe that the most responsible course of action is to retract this paper. We sincerely apologize to the scientific community for any inconvenience that this might cause.

Noriyuki Takai, Tami Ueda, Masakazu Nishida, Kaei Nasu, Kaho Matsuda, Mamiko Kusumoto, Hisashi Narahara
